

LANGENBERG

MACHINE PRODUCTS, INC.

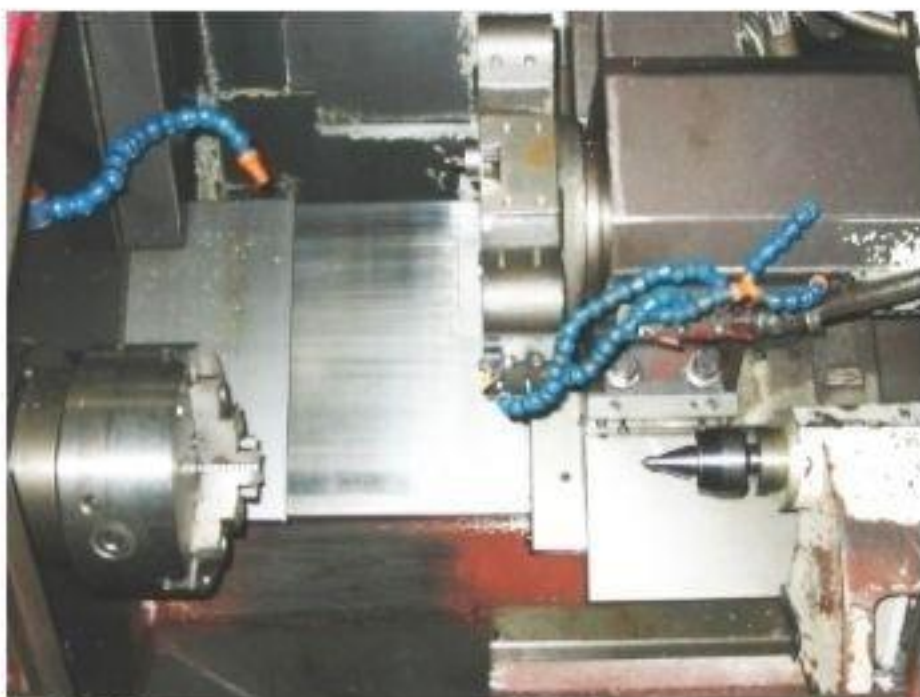

Langenberg Machine Products, Inc. has been serving the greater Lansing area since 1987. We are a full-service machine shop that is diversified and staffed to meet your machining, fabricating or welding needs.

Services Provided:
Milling - Manual & CNC
Close Tolerance Precision Machining
Single Parts to Production Runs
Modifications
Welding
Repairing
Prototypes
Consultations On/Off Site
Reverse Engineering
Data Exchange Capabilities
Estimates provided for any project
Design service available

We operate in an atmosphere where we are highly focused on meeting our customer's requirements. We are proud to be a company large enough to meet all of our customer's needs, yet small enough to know them by name. Let us know if you have a job that you may need our expertise. We look forward to hearing from you.
